

COMMISSION OF THE EUROPEAN COMMUNITIES

Brussels, 30.12.2002
COM(2002) 777 final

2002/0307 (ACC)

Proposal for a

COUNCIL DECISION

**concerning the conclusion of an Agreement in the form of an Exchange of Letters
between the European Community and the Republic of Vietnam amending the
Memorandum of Understanding between the European Community and the Socialist
Republic of Vietnam on the prevention of fraud in trade in footwear products**

(presented by the Commission)

EXPLANATORY MEMORANDUM

In accordance with the Council negotiating directives of 2002, the Commission has negotiated the renewal of the Memorandum of Understanding provisionally, applied since 1 of January 2000, establishing a double-checking system covering the imports into the European Community of certain footwear products originating in the Socialist Republic of Vietnam.

Given the possible deflection of trade of these products from neighbouring countries, in particular from China, which are subject to quantitative restrictions, such a system is designed to give more security over the genuine Vietnamese origin of such goods and be able to better trace back the origin of possible circumvention of such quotas.

It is proposed to prolong the Memorandum of Understanding for two supplementary years until the end of 2004.

In parallel an amendment introduces the possibility to officially accept the electronic transmission of the export licence.

The Council is invited to approve this proposal for a Council Decision on the signing, on behalf of the European Community, of the renewal of the Memorandum of Understanding and authorising its provisional application pending the formal conclusion of that Agreement.
