COMMISSION OF THE EUROPEAN COMMUNITIES

COM(81) 824 final

Brussels, 22 december 1981

Proposal for a COUNCIL REGULATION (EEC)

laying down certain interim measures for the conservation
and management of fishery resources applicable to vessels
flying the flag of Norway

(submitted to the Council by the Commission)

EXPLANATORY MEMORANDUM

Consultations between delegations from the Community and Norway about their reciprocal fishing rights in 1982 have not been concluded in time to make it possible to adopt before 31 December 1981 final arrangements for 1982 concerning the fishing of Norwegian vessels in Community waters.

In order to avoid interruption of the reciprocal fishing from 1 January 1982 it is necessary for the Community to adopt interim arrangements for fishing by Norwegian vessels valid from 1 January until the entry into force of definitive arrangements for 1982. The Commission considers that the final arrangements can enter into force on 1 April 1982. For this reason the Commission proposes that the Council adopt a Regulation establishing an interim regime permitting Norwegian vessels to fish in the Community fishing zone during the abovementioned period.

The said consultations resulted on 19 December 1981 in the initialling of a draft agreement. The arrangements set out in the proposal for a regulation are based on the results of these consultations.

The Commission proposes that the Council adopt the Regulation, a draft of which is attached, before 31 December 1981.

COUNCIL REGULATION (EEC) No

of

laying down certain interim measures for the conservation and management of fishery resources applicable to vessels flying the flag of Norway

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Agreement on fisheries between the European Economic Community and the Kingdom of Norway⁽¹⁾, and in particular Article 2 (1) thereof,

Having regard to the proposal from the Commission,

Whereas it was not possible to adopt before 31 December 1981 definitive rules for fishing by Norwegian vessels in the Community fisheries zone in accordance with the conclusions of the consultations which took place;

Whereas in order to avoid an interruption of reciprocal fishing by vessels of the two parties in the fisheries zone of the other, the two parties have agreed on reciprocal interim arrangements; whereas it is, therefore, necessary that the Community adopt immediately interim rules authorizing fishing by Norwegian vessels in the Community fisheries zone with effect from 1 January 1982 until 31 March 1982

Whereas, consequently, this measure should be adopted on a temporary basis, subject to its later inclusion in a definitive system to be adopted under Article 43 of the Treaty,

Whereas the Agreement of 19 December 1966 between Denmark, Norway and Sweden on mutual access to fishing in Skagerrak and Kattegat provides that each party shall grant access to fishing by vessels of the other parties within its fishing zone in Skagerrak and part of Kattegat seawards of four nautical miles from the base-lines;

Whereas the Fishery Agreement of 1964 between the United Kingdom and Norway provides that Norwegian vessels are authorized to fish for dogfish and basking shark in certain areas between six and 12 nautical miles from the base-lines of the United Kingdom,
